You're In My Heart

Rhonda Vincent

First time I saw you not long ago
You said love can ease the pain
That ails the troubled soul
Loving words have eased the pain
A thousand times or more
You're in my heart, am I in yours

Absence makes the heart grow fonder so I'm told
Is it true or has it made your heart grow cold
Love don't last and it's not love I'm sure
You're in my heart, am I in yours

Last time I saw you so long ago
You said time can change the heart
Of anyone I'm told
But your heart changed my mind
And I loved you more
You're in my heart, am I in yours

You're in my heart, am I in yours
