

# Fearless

Rhye

It's in my head  
I keep seeing things  
Oh I wish I could solve this thing  
Escape these wings  
This emptiness

You're so fearless  
Go slow  
Go gently  
Go slowly

Oh my body feels weak I can hardly speak  
Barely make a sound  
I can't even say how I feel

I'll be thankful when  
This tidal wave ends

You're so fearless  
Go slow  
Go gently  
Go slowly

You're so fearless  
Go slow  
Go gently  
Go slowly

Beautiful power kept you going for two years now  
Fighting for a chance to spend more time with us  
Time is all we have and it feels so precious  
Give me more please  
All I really ask is when you leave it's peaceful  
Spend more time with us  
All my love all my fears  
Oh my god I am breaking

You're so fearless  
Go slow  
Go gently  
Go slowly

You're so fearless  
Go slow  
Go gently  
Go slowly

Go to sleep now  
Go to sleep now
