

Save Me

Rhye

Did you feel that?
I'm over my fear
Hmm, hmm
Are you going to sting
Give me all your cravening
I'll keep them safe
It's cold outside
Here, away from the world
Hmm hmm, oh my god
Oohoo, why are you so fade?
Oohoo, why so epic?
I've been waiting the saving
In the [?] way

You're waiting to save me
I'm waiting to save you
I know you, I know you
You give me that baby
I know you, I know you bad
Oh oh, I'll give you that baby

Ooh love so fade
Ooh so epic
I've been waiting the saving

You don't have to
You're waiting to save me
I'm waiting to save you
You're waiting to save me
I'm waiting to save you
You're waiting to save me
I'm waiting to save you
You're waiting to save me
I'm waiting to save you
You're waiting to save me
