

I Know The Feeling

Rhys Lewis

I know the feeling
I know the feeling, oh I

Well you're tired of waking up alone
So you keep the curtains closed
You don't wanna face the world outside
And you wonder where all your money went
You've gotta pay your rent
I guess you'll be working every night

It's hard to keep up
When life gets too much
Just there's not enough time in a day
To hold your head high, to find the blue sky
But you're just trying to smile through the pain

I know the feeling
Yeah, I know the feeling, alright
You might not need me
But call me if you do
Cause I know the feeling
Ooh ooh ooh
Ooh ooh ooh
Ooh ooh ooh

Stalking your friends on Facebook
Hating how good their lives look
You're there staring through your phone
And their steady jobs and heavy pockets
Suits and ties, and shiny watches
And all you got is a student loan

It's hard to keep up
When life gets too much
Cause there's not enough time in a day, oh no
To hold your head high, to find the blue sky
But you're trying and smile through the pain

I know the feeling
I know the feeling, alright
You might not need me
But call me if you do
Cause I know the feeling

Trust me
It's gonna get a little easier
I swear
You're doing alright
You're doing just fine
You're gonna be alright
You're gonna be just fine
It's easier, easier, easier said than done

But hold your head high
There'll be a blue sky coming
Just try and smile through the pain
Through the pain

I know the feeling
I know the feeling, alright alright
I know the feeling
Yeah I've been there too
You might not need me
But call me if you do
Cause I know the feeling
