

## Simple

Rhys Lewis

Sometimes life can be so complicated  
Sometimes living leaves me so confused  
And I don't always have the heart to face it  
But every time I look at you

It's suddenly so simple  
Simple  
So simple, it's true  
Life seems oh so simple  
So simple  
Simple  
Life seems oh so simple with you

Sometimes I wish I lived in a mansion  
And had a fancy car parked in the drive  
But love's the only gold that holds its value  
Yeah, love makes choosing how to spend your time

Suddenly so simple  
Simple  
So simple, it's true  
Life seems oh so simple  
So simple  
Simple  
Life seems oh so simple with you

Life seems oh so simple with you  
With you  
So simple  
Life seems oh so simple with you  
So simple  
Life seems oh so, life seems oh so  
Life seems oh so simple with you
