

Some Days

Rhys Lewis

Some days I'm barely even holdin' on
Some days I feel like all my hope is gone
But you get me through, don't know what I'd do without you
Some days, some days, some days

I been goin' down dark roads to the back of my mind
And every time I get caught up in my own headlights
'Cause all my demons keep chasin', they're on my tail each night
They got me thinkin' in circles, yeah, you know what I'm like

And always find me when I'm breaking down
I'd be lost without your love

'Cause some days I'm barely even holdin' on
And some days I feel like all my hope is gone
But you get me through, don't know what I'd do without you
Some days, some days, some days

'Cause you're the one that I turn to when I'm miles from home
The sweet voice of reason at the end of the phone
I never knew that somebody could love the worst in me
Now, I never knew that somebody could be all I need, oh

'Cause some days I'm barely even holdin' on
And some days I feel like all my hope is gone
But you get me through, don't know what I'd do without you
Some days, some days, some days

(Some days, some days, ooh) Some days
(Some days, some days, ooh)
(Some days, some days)

You always find me when I'm breaking down
I'd be lost without your love

'Cause some days I'm barely even holdin' on
Some days I feel like all my hope is gone
But you get me through, don't know what I'd do without you
Some days, some days, some days

(Some days, some days, ooh) Some days
(Some days, some days, ooh)
'Cause you get me through, don't know what I'd do without you
Some days, some days, some days
