

Cry Over Me

Rhys

It took some time to see the pattern, through your rosy tinted flattery

I wanted it so badly, I guess (I guess)

I filled your cup 'til I was empty

'Cause I thought that we were meant to be

You really fucked me mentally, I guess

God, I wish I had some pride

Lovin' is a waste of time

Let me know when you're down at rock bottom

Once you're there, won't you give me a holler

'Cause I, wanna hear you cry over me

Down there, I hope you can't go on and your feet hurt

'Cause you saw a pic of him in your t-shirt, oh well

I wanna see you cry over me

Over me, me, me, ee, ee, ee-ee (Haha)

In the beginning it was magic, but it quickly turned to tragedy

Oh there he goes, he's mad at me again

And now all the skies are violet, I catch myself just smilin'

I hope you feel the silence when I'm gone

Let me know when you're down at rock bottom

Once you're there, won't you give me a holler

'Cause I, wanna hear you cry over me

Down there, I hope you can't go on and your feet hurt

'Cause you saw a pic of him in your t-shirt, oh well

I wanna see you cry over me

Over me, me, me, ee-ee, ee, ee-ee, ee-ee

Over me, me, me, ee, ee, ee, ee

God, I wish I had some pride

Lovin' is a waste of time

Let me know when you're down at rock bottom

Once you're there, won't you give me a holler

'Cause I, wanna hear you cry over me (I wanna hear you cry over me)

Down there, I hope you can't go on and your feet hurt

'Cause you saw a pic of him in your t-shirt, oh well

I wanna see you cry over me (I wanna see you cry over me)

Over me, me, me, ee-ee, ee, ee-ee, ee-ee

Over me, me, me, ee, ee, ee, ee

Over me, me, me, ee-ee, ee, ee-ee, ee-ee

Over me, me, me, ee, ee, ee, ee

Over me, me, me, ee-ee, ee, ee-ee, ee-ee
