

# Doomed

Rhys

You were never meant to be the one  
Somehow, you're the one  
Funny how things change, yeah  
Thought I might as well just go along  
Take a hit if one  
Somehow, I'm still standing

And I was doomed from the start  
Look how I'm falling crazy  
And I was doomed from the start  
Look how I'm falling crazy

I will never ever ever ever overcome  
I will never ever ever ever overcome

And I was doomed from the start, mmh  
And I was doomed from the start, ooh  
And I was doomed from the start, mmh  
And I was doomed from the start, ooh

You were never meant to make me smile  
Stay composed a while  
Guess I lost that battle  
Shoulda noticed how you changed your style  
It's gone a little while  
Becoming such a struggle

I will never ever ever ever overcome  
I will never ever ever ever overcome

And I was doomed from the start, mmh  
And I was doomed from the start, ooh  
And I was doomed from the start, oh  
And I was doomed from the start, ooh

I'm tongue-tied, yeah you got me tongue-tied  
I'm tongue-tied, yeah you got me tongue-tied  
I get, tongue-tied, yeah you got me tongue-tied  
I'm tongue-tied, yeah you got me tongue-tied  
I get, tongue-tied, yeah you got me tongue-tied  
I'm tongue-tied, yeah you got me tongue-tied  
I get, tongue-tied, yeah you got me tongue-tied  
I'm tongue-tied, yeah you got me tongue-tied

I will never ever ever ever overcome

And I was doomed from the start, mmh  
I was doomed, I was doomed  
And I was doomed from the start, ooh  
From the start, from the start, from the start, from the start  
And I was doomed from the start, mmh  
I was doomed, I was doomed, eh yeah  
And I was doomed from the start, ooh  
From the moment I met you baby  
And I was doomed from the start
