# Single At 40

**Rhys**

I've known you for the longest time, seen every side of you
Since preschool and the other kids were making fun of you
You called me up after your first time
I got so mad, I didn't know why

Yeah, we kissed but as a joke
Helped you out when you were broke
And the last time that we spoke
I tried to tell you but I choked

I hope you're single at forty, no one gets there before me
You pinky promised, you told me, that if we're single at forty
I hope you're single at forty, all my exes, they bore me
I always wanted you low key, I hope you're single at, single fo
rty

Back in high school
All my friends knew they could never ever ask you out
And you're the one my girlfriends worry 'bout
I called you up after my first time
I felt so guilty, didn't know why

Yeah, we kissed but as a joke
But there's one thing you don't know
And the last time that we spoke
I tried to tell you but I choked

I hope you're single at forty, no one gets there before me
You pinky promised, you told me, that if we're single at forty
I hope you're single at forty, all my exes, they bore me
Yeah, I always wanted you low key, I hope you're single at, sin
gle forty

We promised each other when we get a little bit older
I want it much sooner, but I get too scared when I'm sober
I wanna see you there on the opposite side when I open my eyes
It's always been right there in the back of my mind

I hope you're single at forty, no one gets there before me
You pinky promised, you told me, that if we're single at forty
I hope you're single at forty, all my exes, they bore me
I always wanted you low key, I hope you're single at, single fo
rty

(Yeah, single at
Yeah, single at) single at forty
