Swallow Your Pride

Rhys

Been thinking 'bout the consequences
I know I did you wrong, and now you left me high and dry
I didn't mean to burst your bubble
And I didn't mean to say goodbye ('cause you know)

You know that I hate sleeping alone in my bed (You know)
You know that I regret every word that I said
So come on, swallow your pride
So come on, swallow your pride
I'll do anything you want to

So come on, swallow your pride
Ooh-ooh, ooh-ooh, ooh-ooh, ooh
So come on, swallow your pride
Ooh-ooh, ooh-ooh, ooh-ooh, ooh

So big and just the course of action
Forget about the past, tell me now what you prefer
I don't need another cold and hard rejection
Even though it might just be what I deserve ('cause you know)

You know that I hate sleeping alone in my bed (You know)
You know that I regret every word that I said
So come on, swallow your pride
So come on, swallow your pride

So come on, swallow your pride
Ooh-ooh, ooh-ooh, ooh-ooh, ooh
So come on, swallow your pride
Ooh-ooh, ooh-ooh, ooh-ooh, ooh

Swallow your pride
Ooh-ooh, ooh-ooh, ooh-ooh, ooh
'cause you know

You know that I hate sleeping alone in my bed (You know)
You know that I regret every word that I said
So come on, swallow your pride
So come on, swallow your pride
I'll do anything you want to

So come on, swallow your pride
So come on, swallow your pride
So come on, swallow your pride
I'll do anything you want to

So come on, swallow your pride
Ooh-ooh, ooh-ooh, ooh-ooh, ooh
So come on, swallow your pride
Ooh-ooh, ooh-ooh, ooh-ooh, ooh
So come on, swallow your pride
