

Thanks A Lot Now I Can't Smile

Rhys

I think I've maxed out people sympathy
Judas called one too many times
It's been a while since I was happy
It's like I'm sharp on every side

I'm tryna change my mindset
I've laid off drinkin' wine
And all my friends are mad at me 'cause I don't go outside
I'm havin' trouble sleepin', I'm anxious all the time
If you could count the tears I've cried, I think I'd win a prize

Thanks a lot, now I can't smile
Thanks a lot, now I can't smile
I tried to do it but I'm numb
Sad and lost at twenty-one
Thanks a lot, now I can't smile

I think I'd ruin every party (Party)
The girl that's mad is never fun
If my words hurts you then I'm sorry (I'm sorry)
I'm like a toddler with a gun (I'm like a toddler with a gun)

I'm tryna change my mindset
I've laid off drinkin' wine
And all my friends are mad at me 'cause I don't go outside
I'm havin' trouble sleepin', I'm anxious all the time
If you could count the tears I've cried, I think I'd win a prize

Thanks a lot, now I can't smile (Smile)

I think I'm gettin' kinda tired
Of tryna superglue my brain
Maybe tomorrow will be better
Or maybe it will be the same
