Crazy

Ria Mae

I should go now, I think I'm wasted
Think I wasted the last year of my life
I think she just stars in this
She never loved me
I think she's taking me for a ride

I think she's crazy, I think I love her
I think she's sleeping with someone else
Lying to me again
She's crazy, I think I love her
I think she's sleeping with someone else
Lying to me again

What's wrong with me?
What's wrong with me?
What's wrong with me?
What's wrong with me?
Yeah, I don't know

I read our emails, everything I've said
Shit, I forgot to come on over there
I bet she didn't understand
I really don't think she needs that
I bet she's holding back on everything
And waiting for me over there

I think she's crazy, I think I love her
I think she's sleeping with someone else
Lying to me again
She's crazy, I think I love her
I think she's sleeping with someone else
Lying to me again

What's wrong with me?
What's wrong with me?
What's wrong with me?
What's wrong with me?

It's too late now, late now
I can't let her go
It's too late now, late now
I can't let her go

I'm still sleeping through the night
Cross my heart and hope to die
You won't take my car tonight
Know that everyone knows why
I'm still sleeping through the night
Cross my heart and hope I die
You won't take my car tonight
Everyone, everyone knows why
