

Hold Me Down

Ria Mae

How dare you come here?
I should know
Make up your mind, I can't make mine
She's calling, you should go

Hold me down
No air or no life
Been drowning in your floods forever
Hold me down
I've never been the type
To get over, get over, get over

It's not something I should talk about
But it just moves my mouth
Do you know how high I get from you?
Do you know how high I get from you?
Do you know how high I...

Hold me down
No air or no life
Been drowning in your floods forever
Hold me down
I've never been the type to move on, move on, move on

Ooh...

Hold me down
I've never been the type
To get over, get over, get over
