

# Thoughts On Fire

Ria Mae

All these thoughts on fire, fire  
All these thoughts on fire, fire  
It would tear me apart to think that you were lying  
All these thoughts on fire

And I didn't listen to your negative reasons  
I don't got time for that sort of thinking  
I'm unaware if you're trying to bring me down  
Too busy thinking better thoughts  
And I love that so much

I believe, I believe, I believe  
I can do it if I want  
I believe, I believe  
I can do it if I want  
I believe, I believe  
That everyone's with me

All these thoughts on fire, fire  
All these thoughts on fire, fire  
If they tell you you can't, they're a liar, liar  
All these thoughts on fire

Now hold your head up high and listen, listen  
No when is good advice, but don't care what they're thinking  
And I'll race you to the finish line  
I was your favorite underdog  
I'm gonna miss that so much

I believe, I believe, I believe  
I can do it if I want  
I believe, I believe  
I can do it if I want  
I believe, I believe  
That everyone's with me

All these thoughts on fire, fire  
All these thoughts on fire, fire  
If they tell you you can't, they're a liar, liar  
All these thoughts on fire

Yeah, I was dreaming with a conscience  
Tryin' to stay away from all the cheating and the nonsense  
Avoiding all the demons and the monsters  
But all these evil demons are the reason that I'm strongest  
When I started this I knew that I would conquer  
Back when there was no one ever screaming at my concert  
Back when there was not a person even at my concert  
They were sleeping on me but ain't sleeping any longer  
My thoughts are on fire, I believe, I believe  
I was worn out and tired, now I'm free, I can breathe  
When they try to hold you back, you push them back harder  
Let em know what's on your mind and then you push a little further

All these thoughts on fire, fire  
All these thoughts on fire, fire  
If they tell you you can't, they're a liar, liar

All these thoughts on fire
