

Sweet little dove, drunk at the bar
Crushing cigarettes
You don't know how beautiful you are
Dance on the stage, you are the star
When the songs are done
You don't know how beautiful you are

Oh, baby how you light it up
Making them fall in love
Oh, oh you spinnin' like a record shop
The lights are hot, gonna lose control

Please don't lose my number
Hey, Trixi, can you meet me by the corner?
I'll leave the light on
Me, you under covers
Hey, Trixi, can you feel me?
I'm addicted
I'll leave the light on

Sweet little bird, don't say a word
I'll be waiting here
You don't know how beautiful you are
You don't know my name
You might know my face
I gotta say you don't know how beautiful you are

Oh, baby how you light it up
Making them fall in love
Oh, oh you spinnin' like a record shop
The lights are hot, gonna lose control

Please don't lose my number
Hey, Trixi, can you meet me by the corner?
I'll leave the light on
Me, you under covers
Hey, Trixi, can you feel me?
I'm addicted
I'll leave the light on

Sweet little dove, drunk at the bar
Crushing cigarettes
You don't know how beautiful you are
Dance on the stage, you are the star
When the songs are done
You don't know how beautiful you are

Please don't lose my number
Hey, Trixi, can you meet me by the corner?
I'll leave the light on
Me, you under covers
Hey, Trixi, can you feel me?
I'm addicted
I'll leave the light on
