

# Under Your Skin

Ria Mae

Give me so little, but a little goes a long way tonight  
Who am I to think that I deserve a try?  
There's no one left here, this town's empty when you're gone  
Who am I to carry these thoughts?

You've got me hanging out, you're the cold and now let me in  
You've got me hanging out, I've been digging in  
Tryin' to be under your skin

Make it so easy to feel out of touch  
Pull me closer without givin' too much  
No grounds to convince you if you don't feel like I do  
No one wants you like I want you

You've got me hanging out, you're the cold and now let me in  
You've got me hanging out, I've been digging in  
Trying to be under your skin

I try to slow my thoughts down  
I've tried everything to speed it up somehow  
I try to slow my thoughts down  
I've tried everything to speed it up somehow

You've got me hanging out, you're the cold and now let me in  
You've got me hanging out, I've been digging in  
Trying to be under your skin  
You've got me hanging out, you're the cold and now let me in  
(You're the cold now)  
You've got me hanging out, I've been digging in  
Trying to be under your skin  
You've got me hanging out, you're the cold and now let me in  
You've got me hanging out, I've been digging in  
Trying to be under your skin
