

## Morbid Reflections

Ribspreader

Decaying life  
And the stench that breeds  
Rotting corpses dwell inside this tomb  
There is no way out  
Submerged in the rot  
You will soon become one with the dead  
Morbid reflections  
Ways of the dead  
Sickened lives cast into hell

Morbid reflections  
Of the undead

Rancid horrors  
The decomposing arise  
Searching for the living to feed their hunger

Morbid reflections  
Of the undead

Breeding the filth of the undead  
The lingering sickness forever goes on  
The spawn of the dead alive  
Feasting on your soul

Morbid sickness  
Inside your soul  
Undead craving swallows you whole

Decaying life  
And the stench that breeds  
Rotting corpses dwell inside this tomb  
There's no way out  
Submerged in the rot  
You will soon become one with the dead

Morbid reflections  
Of the undead
