

## Hunters 3

Rich Amiri

Feel good when you around me  
So tell me the truth, is it me? Is it you?  
Can you see, what I do? Tryna keep this shit cool  
She ain't come here with me, but she ain't leaving with you  
I've been fiending for you, do you believe that it's true love?

She get wicked, she got wicked 'round this time  
She get distant, tryna know if you alright  
You don't listen and I know that you tight  
You act different around me, wonder how you found me  
Say I saved your life, wonder where you'd be without me  
You stay on my head, somethin' like I got a bounty  
I ain't felt alright, but I feel good when you around me

So tell me the truth, is it me? Is it you?  
Can you see, what I do? Tryna keep this shit cool  
She ain't come here with me, but she ain't leaving with you  
I've been fiending for you, do you believe that it's true love?  
Hundred clip be bussin', we gon' leave him running  
Money counter, cah-ching, ain't my bitch you touching  
I'm not for the fighting, I don't like the fussing  
She gon' be my rider, 'cause she don't care 'bout nothing

You, can't take my soul from me  
Can't take my soul from me  
Oh no, no, you can't take my soul  
Oh no, no, you can't take my soul  
Oh, oh

She get wicked, she got wicked 'round this time
