

# I WANT EVERYTHING

Rich Amiri

Chase, I want everything

New fur coat, new YSL  
Off six perkies, I'm high as hell  
He run down, send your guy to hell  
Off painkillers, off Vicodin  
Off that blue and white pill, poppin' Vyvanse  
Takin' Oxycodone like it's vitamins  
I just left the earth, I'm tryna fly again

I just want a Presi' Patek, Presi', Presi', Presi'  
Pucci glasses, Pucci everything, Pucci mattress  
I want everything, yeah, yeah  
I want everything, yeah, yeah  
Yeah

Ayy, switchin' up the flow on a nigga  
I'm finna go on a nigga  
My shooter blow on a nigga  
Up the four on that nigga  
Like grass, mow on a nigga  
It's a four in my cup, probably got more in my liver  
I want more (Yeah)

I want everything, yeah, yeah  
I want everything, yeah  
I want everything, everything

New fur coat, new YSL

Nigga, fuck your feelings, shut up, show me where a mill' is

White like I'm pussy, white like I'm racist  
Pink make a nigga crazy, fuck around leave 'em face-less  
Remember when my brother died, it was May 5th  
Play your cards right, you could make chips, yeah  
My brother right there with me, yeah  
Killers right there with me, set it off in VIP  
P-I-M-P, bitch, I'm a pimp, shawty suck me off my knees
