Rich Amiri

Okay, let's do it
Yeah, I'm back in that mode
Play with someone else, promise this ain't what you want
I'ma pour the deuce inside the Sprite and watch it flow
In that 'Ventador, I got it flyin' off the road
Oh, now you in your bag, huh?
Now you got it poppin', left them niggas in the past, huh?
Now you come in first when you was just down to your last, huh?
Oh, you say you got me, I don't even gotta ask, huh?

Okay, okay, I like that, I do
What they say about me, bae, you know that it's not true
I'm a rockstar, I'm so punk, I break the rules
Mr. Have His Way and you better not get it confused
Yeah, yeah, don't get it confused
Sweepin' niggas, goin' four and O, no I never lose
Balenciaga shoes, Balenci' on the pants, these niggas still roc
