Yup, aye
Lip up the loud pack
Nigga that's all we smellin
1-11, 21 all I'm reppin
You see the paint, the paint go get the pussy wet
Now take a guess
I gotta check, I gotta flex
You see me big
I keep some ice around my neck
You talkin big
Big money - you ain't seen it yet
Swing up in the parkin lot
Kill it without the pot
I got some freak that wanna do me and she fuckin not
I touch the gwap and now my hoe know how to pussy pop
We kill the scene too fresh and clean, we settin bitches up
Stay off the corner if you don't know what the street's about
Around my nigga poppin bottles, now we own the spot

I just seen a murda, I just seen a murda
I just seen a murda, parking lot murda
I just seen a murda, I just seen a murda
I just seen a murda, Ferrari Spider hurda

I just seen a murda
4 door Porsche til green, call the turtle
And we was blowin on that purple
I'm from the side of town where them niggas murda
And sorry, I don't mean to hurt you
But the car arriving in is bout this murda
You see the horses in this motherfucker
I can get lost up in this motherfucker
I be shinin like a motherfucker
Cause I be grindin like a motherfucker
That bitch done fine than a motherfucker
Well she be lyin like a motherfucker

I just seen a murda, I just seen a murda
I just seen a murda, parking lot murda
I just seen a murda, I just seen a murda
I just seen a murda, Ferrari Spider hurda
