

Party

Rich Boy

Southern smoke!
Rich boy, it's your time!
One time for all my real niggas
Throwing bricks at the penitentiary
Trying to do illegally shit just to get legal
Shit rough out here, nigga!

A party, a party, a party
We can make it a party
A party, we can make it a party

Hey, that body right, that fine beat
Never seen a bitch bad as this
Rose shit, she like to bite
Turn off the light, take it off tonight!
Make it drool, make it drop
Push it in and then suck it out!
Up and down, don't let it stop
Front and back and then back on top!
Take a sip, no stress at all
Water drip when them pantie fall
In them heels she be licking tall
Twelve o'clock, she like to call
Watch me, what you wanna do
Deep inside, let me dive in you
Bring a friend cause they'll love the crew
That's nothing new, they're fucking too!

We can make it a party, a party, a party
Bring some friends, and I bring some friends
And we blow whatever, get started!
