Rich Brian

Woke up in the morning, sky is so blue
Hope today my soul and brain won't get its time to argue
You know it's a solo crew, I got no one to talk to
Maybe I'll think about sunshines and stars
Been a long time since I heard my mama yellin'
I might call her up today, I think I kinda miss it
Only time we get together now is just for Christmas
It's such a shame we can't hug from afar

Is it a good day or bad day?
It all gon' depend if this shower gon' make me feel better
Lovin' the buzz of the jamo, let's fuck with my J's on
Just Venmo me for the Uber
The sky is so blue
So blue

Runnin' out of incidents to fall on
And I'm also runnin' out of people I could call home
So new to this place, I hate the question, "Where you come from?"
I gotta go, I need to take this call (Skrrt, skrrt)
I got a dog at home, hope she don't miss me
So long since I heard her bark, I hope she don't forget me
Thinkin' I'm a stranger, man, I hope she doesn't bite me
I'll be back home soon, just please don't get old

New days, but still got old tendencies
I like you 'cause you feel familiar
We're just friends 'cause I don't like to have enemies
I'm sorry to break it to you

Is it a good day or bad day?
It all gon' depend on how strong that gas was this morning
I want cologne on my jacket instead of my tears
Baby girl, we had no resemblance
The sky is so blue
So blue

What's a family with no dinners?
We're not really blood if we don't have no disagreements
I'm shinin' like a star I've always worked so hard to be here
But if my friends don't shine with me then I don't have a reason
(I don't have a reason)

Ooh-ooh-oh
I got cigarettes I gotta throw
I can't smoke none
Livin' healthy, don't come near me just for now
(Now, now, now, now)

Is it a good day or bad day?
It all gon' depend on how good that head was this morning
Don't wanna hear 'bout intentions, you don't even realize just how much pain
that you're causin'
The sky is so blue
So blue
