

# Don't Care

Rich Brian

Ayy, uh  
I been hurtin', tryna fix the world  
And find the people that I gotta save, uh  
I been tryna find the beauty in this shit  
It's been like twenty-seven days, uh  
I wanna say that it's all good  
But I'm tryin' not to tell a lie, uh  
I been thinkin' that it may be time to tell myself that I

Don't care  
I don't really care, ayy  
What they say  
It's just another day

Seen a lot heart broken that I wanna break now  
Lotta love and plain jealousy been comin' from the same ones  
Like, which one is it now?  
Let me know 'cause I wonder who I should stop thinkin' 'bout  
Some of these people be lookin' like angels  
But one day you realize that they been The Devil behind us  
I'd rather die than go be with the people  
That make me think about my therapist's office  
Don't you come up to me with a smile on your face  
Askin' me, "How was your day?"  
I don't wanna none of your energy crowdin' my space  
So get the fuck out my way  
Stay with the fakin', 'cause I

Don't care  
I don't really care, ayy  
What they say  
It's just another day

Don't care  
What they say

Pray when I wake up  
Hope I don't need to say something I don't mean  
Seems like it's easier to look away than dealin' with it  
Think about it night and day (Ooh, ooh, ooh)  
It stays, you never leave it there (Ooh, ooh, ooh)  
I don't what else to say (Ooh, ooh, ooh)  
I don't want you to be afraid (Ooh, ooh, ooh)
