

These Nights

Rich Brian

She tell me settle down, what does it all mean?
Anything you want, baby give it all to me
I can be your baby tonight
You can be my lady alright
We can drive out, maybe end up in the hills
I do a lot of these, yeah I do it for the thrill
I can be your baby tonight
You can be my lady alright
These nights, these nights, yeah
They control me, you control me

You know that I move like that
You know that I love too fast
You know I have sleepless nights
I can not dream you right now
You love me, you want me
You want me here with you
You need me, you see me
And I'll never stop loving you
So don't tell me to leave 'cause I won't
A boat full of holes it don't float
Baby grab your keys and your coat
When you're 'round me it snows

She tell me settle down, what does it all mean?
Anything you want, baby give it all to me
I can be your baby tonight
You can be my lady alright
We can drive out, maybe end up in the hills
I do a lot of these, yeah I do it for the thrill
I can be your baby tonight
You can be my lady alright
These nights, these nights, yeah
They control me, you control me

Said, "Who's gonna do it like me?"
Said, "Who's gonna love you like me?"
Said, "You're the only one I'm tryna see, to see"
I see it
