

WORLD STOP TURNING

Rich Brian

Been tryna find the words that would ease my mind, yeah
Lately I've been feeling like ooh
Hate this but you love this yeah
Situations been killing me
Back and forth fighting you
Tell me I'm hiding you say I'm too childish but ooh
Please just play your part

Don't downplay it
I don't mind saying
I've been so vacant
I'm done playing
Like we tag team, I been 0-3
Mama hate my jeans baggy but that's so me
I know you play better as the goalie
Oh please can you
Save me, save me, save me
Slowly can you
Save me
Is you gonna change things?
'Cause who you gonna love when you're nothing?

Said who's gonna love you when the world stops turning
When everything you thought you loved ends up burning you
Down, down when I'm not around
You know better never needed no one
Everything's burning babe
You're gonna need someone now, oh now
'Cause I ain't around oh

Uh, friends and fam got 'em tickets out to Lisbon
Last week I was at first name of Mrs. Tipton
Waitin' room bank my money will always sit long, laughin' and jokin' we in a
sitcom
Last a couple months permanence just ain't your thing
My jewelry got good manners, chains compliment my ring
3 cribs and no cars yet but Imma drive the Benz
I talked to God the devils not makin' no appearance
I ain't been on the road but I'm still pavin it
Last album was 2019 I'm still out here rakin in
They say your 20s are for fuckin up I'm out here celibate, now

I wrote this when you're pissed off
Never meant to say so
Ready for another fight?
Just send me location
Nunmuri mak Fallin'
Museowo Like Shaolin
Millin ildeul Stackin's
Neoman ppaemyeon maja Balance

Said who's gonna love you
When the world stops turning
When everything you thought you loved ends up burning you down, down

Honey just relax
You sound like Skrillex

Everything is burning, baby
Gonna need something like
Space X, Space X

Been tryna find the words that would ease my mind, yeah
Lately I've been feeling like ooh
Hate this but you love this yeah
Situations been killing me
Back and forth fighting you
Tell me I'm hiding you say I'm too childish but ooh
Please just play your part

Don't downplay it
