

# Achieving

Rich Homie Quan

I wake up every day and first and foremost I thank God, nahmsayin  
Cause a lot of people didn't wake up haha  
But I did nigga  
I told my kids I love em too  
Most importantly I love my motherfuckin' team nigga  
Hit boy Cass

Where they do that boy turn on your location  
Ain't never had nothin' use that for motivation  
Shine on them niggas so what if they hatin'  
Can't rush it you got God you got to have patience  
Never said that it would be easy  
Never give up know you can achieve it  
If you got kids then let them be the reason  
That you go hard for as long as she breathin'

I been workin' wit no days off, blind to the bullshit baby I'm Ray Charles  
Stay down Quan, I promise this shit here gon pay off  
Hold it down, but I might harlem shake the hate off  
Been about my paper, I'ma business man  
Don't give me the fire cause I might hit his ass  
I had my eyes close but I was listenin'  
Might get lost on somebody island, Giligan  
Tell me when them nigga turn they back what you gon do dawg  
Fly away talkin' bout the situation lose yours  
It ain't never bout no money boy when you talk  
Converted to a safe ya know it used to be a shoebox

Where they do that boy turn on your location  
Ain't never had nothin' use that for motivation  
Shine on them niggas so what if they hatin'  
Can't rush it you got God you got to have patience  
Never said that it would be easy  
Never give up know you can achieve it  
If you got kids then let them be the reason  
That you go hard for as long as she breathin'

Hurry up and give it to em don't make 'em wait long  
Shawty hurt my feelings had to stay strong  
Bags under my eyes been up all day long  
It's hard to see my pain when I got shades on  
Don't cross that gun line boy stay in the safe zone  
Accept my call if I dial out I don't need pay phone  
Walk in the bank make a deposit it won't take long  
For no reason I gave em sane that's the hate on  
Face shown everywhere I go because I'm good nigga  
Spot off on the hills but never go Hollywood nigga  
Can't worry bout nigga I brought my gun in this bitch  
Make sure you return my number when I'm done wit this shit

Where they do that boy turn on your location  
Ain't never had nothin' use that for motivation  
Shine on them niggas so what if they hatin'  
Can't rush it you got God you got to have patience  
Never said that it would be easy  
Never give up know you can achieve it  
If you got kids then let them be the reason

That you go hard for as long as she breathin'
