

# Bossman

Rich Homie Quan

I gotta watch them niggas man  
I gotta watch them bitches too  
I gotta watch all them folk, man  
Don't nobody wanna see me win

I'm losing faith in the people I think I love the most  
It's hard to trust, I've been hurt before  
Take it for what it's worth  
I bought a watch and that muthafucka, it cost a band  
I promise this shit, we won't take a loss again  
Because I'm the boss man, I'm the boss man, I'm the boss  
I'm the boss man, I'm the boss man, I'm the boss  
I'm the boss man, I'm the boss man, I'm the boss  
I'm the boss man, I'm the boss man, I'm the boss

I'm the boss man, I was tough man, coming up  
I played my walkman when I was walking, to the bus  
Don't get caught man, money talk man, listen up  
My trigger finger by the middle finger cause I ain't never gave a fuck  
I got no small change, these are balmain, a thousand bucks  
I met a guy that I had to fly there, to meet the plug  
We may dap it up, show some love, but don't mention my ho name  
Work my move on my man, and he fronted me the whole thang  
Tomorrow is not promised, and God ain't gave us an option  
I'm the boss man, yeah, like benefits with an office  
In this bitch cause I bought it, I know that I'm truly gifted  
The more money I make, [?]

I'm losing faith in the people I think I love the most  
It's hard to trust, I've been hurt before  
Take it for what it's worth  
I bought a watch and that muthafucka, it cost a band  
I promise this shit, we won't take a loss again  
Because I'm the boss man, I'm the boss man, I'm the boss  
I'm the boss man, I'm the boss man, I'm the boss  
I'm the boss man, I'm the boss man, I'm the boss  
I'm the boss man, I'm the boss man, I'm the boss

A boss man don't go out looking for the work  
A boss man sit back, don't get it, [?]  
A boss man on the phone making plays at the house or something  
I've done got a little lazy, let the money counter count it first  
Boss man, boss man what them bitches call me  
Can't take no loss man, naw man, keep them leeches off me  
For what it cost bro, bought it bro, just to boss up  
Boss man, eating lobster, dolla signs what I cough up  
Feeling turbulence when I landing, I'm reading with understanding  
You focused, got your attention, I'm hoping you comprehend  
Don't approach me, don't want you near me  
I'm stressing, drinking a fifth  
I wanna give up so bad but I gotta get me the strength, hey

I'm losing faith in the people I think I love the most  
It's hard to trust, I've been hurt before  
Take it for what it's worth  
I bought a watch and that muthafucka, it cost a band  
I promise this shit, we won't take a loss again

Because I'm the boss man, I'm the boss man, I'm the boss  
I'm the boss man, I'm the boss man, I'm the boss  
I'm the boss man, I'm the boss man, I'm the boss  
I'm the boss man, I'm the boss man, I'm the boss
