

# God Ain't Forgot About Me

Rich Homie Quan

Everybody know tomorrow ain't promised, right? (I never thought I would see you by gettin' on my one hand)  
We definitely know yesterday is gone (I never thought I'd pull up in a, what 's the name of the beat? God what?)  
So might as well make today our best day (God see me)

God see everything I do, pray to him before I move  
God know what I'm goin' through, God know I'm not bulletproof  
So I keep that thing on me 'case a nigga bang on me  
You know these bullets seekin' heat, I'm gon' send you to meet your maker, c all it God's meet and great (That right too)

Never followed the crowd, I ran my own way (I did)  
Feelin' like TJ in this booth, finna make this song great  
I don't need your help to eat, lil' nigga, I got own prey  
Nothin' but bosses at this table and everybody got they own plate (Rich Homie, baby)  
I can't help the fact that my diamonds in 4K (Double V's)  
Ten million in two years, I ran it up the slow way (Slow motion)  
I wake up, count that money, get in my mouth like Colgate (Ayy)  
I'd rather do boss shit around the world like Charles Barkley (34)  
Might never cut my hair again and feel like Bob Marley (Bob)  
Offsets on every whip I got, you know we call 'em Cardi's  
Gotta read the Bible every day before I get my day started

God see everything I do, pray to him before I move  
God know what I'm goin' through, God know I'm not bulletproof  
So I keep that thing on me 'case a nigga bang on me  
You know these bullets seekin' heat, I'm gon' send you to meet your maker, c all it God's meet and great

God still ain't forgot about me (G-O-D)  
I know God still ain't forgot about me (Me, I know he got my back, for sure)  
God still ain't forgot about me (I'm the chosen one)  
I know God still ain't forgot about me (Thank you, Lord, Amen)  
I know God still ain't forgot about me (Thank you, Lord, Amen)  
I know God still ain't forgot about me

I ain't talked to God in awhile, but I know he hear my prayers (I know it)  
I ain't had to go to the safe in a while, but I know that shit in layers (Th at money)  
I know God got me, I can feel him when he there (I feel him)  
Any weapon form against me shall not prosper, that's a prayer (Amen)  
[?] taller than Himalayas (I did)  
I was late gettin' to class makin' a prayer, I ain't hear the bell (Nah)  
You not one of Jesus people, you's the Devil, I can tell (I do)  
Every time I mention my homie God, I prevail (Ayy)  
Ain't perfect, can admit I done did some of the dumbest shit  
TJ made the beat, but we can't even enjoy our accomplishments (Damn)  
Runnin' shit like we were doin' when we were younger jits (Ayy)  
Kicked the cup, but God still see me in the pharmacy

God see everything I do, pray to him before I move  
God know what I'm goin' through, God know I'm not bulletproof  
So I keep that thing on me 'case a nigga bang on me  
You know these bullets seekin' heat, I'm gon' send you to meet your maker, c all it God's meet and great
