

Stressed

Rich Homie Quan

I keep that lead on me like I got a test
For help, a cigarette I need one when I'm stressed
Still smoking weed to clear my mind and no more X
My bitch got mad when she found out I'm hittin my ex
I told my girl don't try to change me
Been through so much I'm not the same me
Watchu expect when I been goin hard
We can't keep going back and forth
Just need you to hold me down, is that too much to ask you for?

Bankroll in my pocket make them hoes dance
Just stay focused don't get caught up what them hoes sayin
Only way to identify his body, is by the toe tag
And I put my bitch, I put my to let my hoe brag
And I got some money that I ain't touch get it out my hoe bag
4 bands I paid for this jacket, it's on my coat tag
Ralph Lauren draws to hold my nuts, that's where the dope at

And we keep that money in the circle like a cul de sac
We bust a u in the middle of the street and then we double I ai
n't know that boy from a can of paint, I had to We robbed that
boy, he had a gun but he ain't buss it back
My bitch done cheated on me before, so I don't trust her ass

I keep that lead on me like I got a test
For help, a cigarette I need one when I'm stressed
Still smoking weed to clear my mind and no more X
My bitch got mad when she found out I'm hittin my ex
I told my girl don't try to change me
Been through so much I'm not the same me
Watchu expect when I been goin hard
We can't keep going back and forth
Just need you to hold me down, is that too much to ask you for?
