

A Man in Motion

Richard Ashcroft

I'm a man in motion, all I need is speed
You better get with it if you're riding with me
Every time I get there you're already gone
Just like that bullet from your cold gun

Oh-oh, yeah yeah, mmh
I'm like, oh-oh, yeah yeah, oh

I'm a man in motion, all I need is speed
You better get with it if you're riding with me
Every time I get there you're already gone
Just like that bullet from your cold gun

Oh-oh, yeah yeah, mmh
I'm like, oh-oh, yeah yeah, oh

There's a bridge over there
Might take us somewhere astounding
I can deal with the pain
As long as we keep drivin', keep on drivin'
Keep on drivin', keep on drivin'

Sweet angel tempered, lost in those eyes
I wanna hold you tonight
I'm a man in motion, all I need speed
You better get with it if you're riding with me

She's like, oh-oh, yeah yeah, mmh
You're like, oh-oh, yeah yeah, oh

There's a bridge over there
Might take us somewhere astounding
I can deal with the pain
As long as we keep drivin', keep on drivin'
Keep on drivin', keep on drivin'
Keep on drivin', we keep on drivin'
We keep on drivin', keep on drivin'
Keep on drivin', yeah

I'm a man in motion, all I need is speed
You better get with it if you're riding with me, come on

I'm a man in motion, all I need is speed
You better get with it if you're riding with me, yeah
