

Glory

Richard Ashcroft

(It's glory, it's glory, it's glory)
Glory Hallelulah, I think I'm coming through yeah
Out of the black, out of the blue
Out of the old into the new
Come on pick me up
Through the night you know you fill my cup
Bring me light love, you bring me luck
Yeah it sure feels good
You bring me luck yeah, it sure feels good

(It's glory - hallelujah.....)
Now babe, don't get heavy with my soul
There's so much that I want you to know
I'm in Fellini's bar - I swear I couldn't get this lost
Oh now but my time has come
And this could be what I thought it should have been
You know you pick me up
Through the dark, you know you fill my cup
Bring me light, love, you bring me luck
Yeah it sure feels good
You bring me luck, yeah it sure feels good

(It's glory - hallelujah.....)
Glory Hallelujah, I think I'm coming through, yeah
Out of the black, out of the blue
Out of the old into the new
Come on pick me up
Through the night you know you fill my cup
Bring me light love, you bring me luck
Yeah it sure feels good
You bring me luck, yeah it sure feels good

(It's glory - hallelujah.....)
Yeah glory, glory
Yeah glory, glory
(It's glory - hallelujah.....)
