

Hey Columbo

Richard Ashcroft

Ever get stiched up
Matched up, crucified
Before the world
Before you open your eyes, Columbo

Stiched up, crucified
Before your mother
Open your eyes, Columbo

Did you ever have your baby
Patted down
Stripped searched
Are you the fucking clown now
Now you're the fucking clown now

Ever get stiched up
Matched up, crucified
Before the world
Before you open your eyes, Columbo

I got the V8 humming
And I, I drive forever
I'm makin music
Making it forever

Stiched up, crucified
Before your mother
Open your eyes, Columbo

I got the whole world shaking
And they wanna feel my music
And you were down a bit
You'd never feel it

You'd never feel it
You'd never feel it
