

## Oh L'amour

Richard Ashcroft

People moving  
Make their ways back home  
And I'm here, just proving  
Time beats us all

Funerals, flowers  
Scales fall from my eyes  
Those minutes, those hours  
I need to be by your side

Oh, oh my love  
They give us time  
Now I want more  
Of this love, oh my God  
You gave me time  
Now I need more  
Everyone needs someone  
To hold – now hold on  
To this love, oh l'amour  
You gave me time  
Now I need more

Restless trees blow  
Lost in my paradise  
Ageing skin and  
Bones that creak inside

We were humans  
Trying to find our way  
Hold me, love me  
Show me the words to say

Oh, oh my love  
They give us time  
Now I need more  
Of this love, oh my God  
You gave me time  
Now I need more  
Everyone needs someone  
To hold – so hold on  
To this love, oh l'amour  
For what is mine  
Now is yours  
Everyone needs someone  
To hold – now hold on
