

# Brass Monkey

Richard Cheese

(chorus)

Brass Monkey - that funky Monkey  
Brass Monkey - junkie  
That funky Monkey

(repeat chorus)

Coolin' by the lockers getting kind of funky  
Me and the crew - we're drinking Brass Monkey  
This girl walked by - she gave me the eye  
I reached in the locker - grabbed the Spanish Fly  
I put it with the Monkey - mixed it in the cup  
Went over to the girl, "Yo baby, what's up?"  
I offered her a sip - the girl she gave me lip  
It did begin the stuff wore in and now she's on my tip

(repeat chorus)

You got a dry Martini - thinking you're cool  
I'll take your place at the bar - Smack you off your  
stool  
Monkey and parties and reelin' and rockin'  
Def, def - girls - all y'all jockin'  
I drink it - I think it - I see it - I be it  
I love Brass Monkey but I won't give D. it  
We got the bottle - you got the cup  
Come on everybody let's get ffffff

(repeat chorus)
