

## Beekeeper

Richard Edwards

The beekeeper's nuthin' like you  
She makes her home a hive  
The beekeeper's never untrue  
But, man, it's so hard to know what's true  
When you're living a lie  
And you've been livin' a lie  
C'mon, gurl  
Do ya know me?  
At least you're always on my side  
When I'm unkind

The beekeeper's nuthin' like you  
Ain't high strung, but holy  
The beekeeper thinks it all through  
And never gets lonely  
But, man, it's so hard to know what's true  
When you're living a lie  
Ah, man, I've been livin' just fine  
C'mon, gurl  
Do ya know me?  
At least there's someone on your side  
When you're unkind

Holy smokes!  
Is that fire in your eyes?  
I can see it through your glasses, mama  
I think I'm losing my mind  
Hot dog!  
Is that heat really here to stay?  
Wanna tell you how I need you, mama  
But what can anybody say  
When they're falling in love  
'Cept for "goddamn"?

C'mon, gurl  
Do ya know me?  
C'mon, gurl  
Do ya know me?  
C'mon, gurl  
Do ya know me? At least there's someone on your side  
When life's unkind
