

Fool

Richard Edwards

I'm on fire, I'm on fire
I'm on fire and you've been the ghost
I've been a most patient kind
Like a fool, I admired even loved, you

Flash flood 'cause you're keepin' me up
You're gonna haunt me 'til it's over, aren't ya?
Flash flood 'cause I'm burnin' and bummed
You're gonna haunt me 'til it's over...

I'm on fire, I'm on fire
I'm on fire and you've been the ghost
Always the most faithless kind
And like some punk, I put up with ya

Flash flood 'cause you're keepin' me up
You're gonna haunt me 'til it's over, aren't ya?
Flash flood 'cause I'm dizzy and dumb
You're gonna haunt me 'til it's over
You're gonna haunt me 'til it's over
Like some great love

Take me down where the trouble is
By the river I crawled out of
Take me down where the trouble is
I wanna feel it...

I'm on fire!

Flash flood 'cause you're keepin' me up
You're gonna haunt me 'til it's over, aren't ya?
Flash flood caught me suckin' my thumb
You're gonna haunt me 'til it's over
You're gonna haunt me 'til it's over
You're gonna haunt me 'til it's over

Like some great love...
Like some great love...
