Richard Edwards

You got your porno teens and I got your money in a sack  
I did your high school dream and you got some ladies feelin' bad

Well, kid, some of us get lucky and some of us  
Straight down, one flash and it's over  
Love me like you're gettin' paid to  
Love me like you're gettin' paid, c'mon!  
Ah, c'mon...

You got your porno teens and I got my memories  
Of those nights when there was nothin' more exciting  
Then gettin' grinded on in the club

Well, kid, some of us get lucky and some of us straight down  
Twirl in the wind, and love me like I'm someone strange  
Love me just a little stranger, c'mon

Strange love has found me  
Tangled in the middle  
Strange love  
Strange love has found me  
Tangled up and little  
Strange...

Well, kid, some of us get lucky  
Mmm, some of us get lucky  
Hey, maybe I got lucky, too, but some of us  
Straight down, big bang and it's over  
Love me like your mother made you

You got your porno teens and I got your money
