

## Another One Down

Richard Marx

Looking through the last ten days of texts you sent  
Wondering if all of what you said is what you meant  
I guess it's over now, but you never gave a reason why  
I guess I wasn't worth the work 'cause you never even said goodbye

And I should just give you up 'cause I'm just another one down  
Baby the truth about us is all just a little too loud  
I'm looking back too much  
When I know I should just give you up  
'Cause I'm just another one down  
Just another one down

Oh-oh-oh-oh-oh-oh-oh-oh-oh-oh  
Just another one down  
Oh-oh-oh-oh-oh-oh-oh-oh-oh-oh

Just when I thought you were giving in and getting close  
You turned away, found a way back to what you know (what you know)  
Even when it's just begun, now you always find a way to run (always find a way to run)  
I really thought you were the one but to you I'm just another one

And I should just give you up 'cause I'm just another one down  
Baby the truth about us is all just a little too loud  
I'm looking back too much  
When I know I should just give you up  
'Cause I'm just another one down  
Just another one down

Oh-oh-oh-oh-oh-oh-oh-oh-oh-oh  
Just another one down  
Oh-oh-oh-oh-oh-oh-oh-oh-oh-oh

I guess it's over now, but you never gave a reason why  
I guess I wasn't worth the work 'cause you never even said goodbye

And I should just give you up 'cause I'm just another one down  
(I'm just another, I'm just another one down)  
Baby the truth about us is all just a little too loud  
(All just a little too loud)  
I'm looking back too much  
(Too much, too much)  
When I know I should just give you up  
'Cause I'm just another one down  
Just another one down

Oh-oh-oh-oh-oh-oh-oh-oh-oh-oh  
(I'm just another, I'm just another one down)  
Just another one down  
Oh-oh-oh-oh-oh-oh-oh-oh-oh-oh  
(Oh...)
