

# Night Comes In

Richard Thompson

Night comes in, like some cool river  
How can there be, be another day?  
Take my hand, oh real companion  
And we'll dance, dance till we fade away

Oh, the songs pour down like silver  
They can only, only break my heart  
Drink the wine, the wine of lovers  
Lovers tired of being apart

Dancing till my feet don't touch the ground  
I lose my mind in dance forever  
Lose my mind in dance forever  
Turn my world around  
Turn my world around

Oh, this night is like no other  
And this room is ringing in my ears  
And these friends will never leave me  
And these tears are like no other tears

Dancing till my feet don't touch the ground  
I lose my mind in dance forever  
Lose my mind in dance forever  
Turn my world around  
Turn my world around
