

Voices

Richard Wright

Voices - that call you
Through feelings inside you
Within your soul
You feel them burning
They take control in you
Voices - that call you
Through feelings inside you
Inside you
Voices - insisting
Reminding, resisting
The way you feel
All though you have to play
You find parity by listening to
Voices - inside you
They reason, they guide you

If you believe in what you want to be
You'll find your destiny by listening to
Voices
Voices - that call you
Through feelings inside you
Inside you
Voices - insisting
Reminding, resisting
The way you feel
All though you have to play
You find parity by listening to
Voices - inside you
They reason, they guide you
If you believe in what you want to be
You'll find your destiny by listening to
Voices
Voices - that call you
Through feelings inside you
