

Better Days

Richie Kotzen

Shadows around me, all around me
Blood moon is burning, trying to blind me
Why you wanna blind me?
What's going on? (What's going on?)
(What's going on, what's going on?)

Oh oh why, here I stay
How I long for yesterday
Slow my mind, feel my pain
I still wait for better days
Oh better days

Well, north star is shining, trying to blind me
Blood moon is burning, won't you guide me
(What's going on?) What's going on?
(What's going on, what's going on?)

Oh oh why, here I stay
How I long for yesterday
Slow my mind, feel my pain
I still wait for better days

Oh oh why, here I stay
How I long for yesterday
Slow my mind, feel my pain
I still wait for better days
Oh better days
Better days
