

## I'm All In

Richie Kotzen

I've been thinking love is gonna take me out  
Every time I look into her eyes  
The Woman's got a way of making strangers go wild  
I'd call her name but I can't when I'm tongue tied

Keep on doing what your doing, go for what you know  
It aint sad enough for tear drops but it's sense overload  
I can wish I've never seen her but I'm wishing I was nearer  
I've got to draw a line but Im over my head

She can make a broke heart beat fast, faster  
Turn your everything inside out  
In those dark eyes there shines the brightest light  
She's got something she's holing, over my head

I tell myself soon she will be mine I see but I'm blind I'm all  
in (I'm in over my head)  
I tell myself she will realize give it some time I'm all in (I'  
m in over my head)

I've got to find a way that I can make her mine  
I can't let this feeling take me over  
There are some things in the universe that we can't describe  
I'm searching for the answers but I'm over my head

She can take a closed mind and open that up  
Take on your problems and solve them too  
She's something special and shines like no body else  
She's got something she's holding over my head  
SOLO

I tell myself soon she will be mine I see but I'm blind I'm all  
in (I'm in over my head)  
I tell myself she will realize give it some time I'm all in (I'  
m in over my head)  
I'm thinking some day she'll see the light and open her eyes I'  
m all in (I'm in over my head)  
I tell myself soon she'll realize I'm giving her time I'm all i  
n (I'm in over my head)
