

## My Addiction

Richie Kotzen

I woke up to another day of promises I know will be  
broken  
Before too long the words I swore  
I'd never say again are spoken

I know it's wrong you're my addiction you keep me strong  
Tell me how long will this addiction be my addiction

Tangled in this web of mine tryin' to make some sence of  
What I'm feelin'  
You're still runnin' through my veins and  
I can't get enough  
But I'm dealin'

I know it's wrong you're my addiction you keep me strong  
Tell me how long will this addiction be my addiction

Your some kind of drug when in without it there's no life  
In any part of me  
People tell me that I can be cured  
but I don't know if I want to be

I know it's wrong you're my addiction you keep me strong  
Tell me how long will this addiction be my addiction
