

Nihilist

Richie Kotzen

We will all go the way
Of all things one day
Who am I to debate?
I'm already saved
Who am I anyway?

What do I know? What am I? What am I?
What do you know? What do you care about me?
What do you know? What do I care?
What I've got to lose nobody ever cared

Who am I? Oh, you bring out the nihilist, oh
Who am I? Oh, you bring out the nihilist in me

Why should I fret small change?
Look at what's already paid
Who am I anyway?

What do I know? What am I? What am I?
What do you know? What do you care about me?
What do you know? What do I care?
What I've got to lose nobody ever cared

Who am I? Oh, you bring out the nihilist, oh
Who am I? Oh, you bring out the nihilist in me

You take yourself too seriously

Who am I? Oh, you bring out the nihilist, oh
Who am I? Oh, you bring out the nihilist in me
