

Raise the Cain

Richie Kotzen

Far from wise, let him blow
Hear his rhyme he is Pinocchio
They slow our drive like Pinot Grigio
No sober minds, leave our innocence to die

I wanna hear your voice raise the cain
I wanna hear your voice raise the cain tonight

In with the new out with the old
We say unite but nature divides
So where do you go when you're out of hope?
These broken lives leave our innocence to die

I wanna hear your voice raise the cain
I wanna hear your voice raise the cain tonight

I wanna hear your voice raise the cain
I wanna hear your voice raise the cain for life
I believe in us, that's why I'm raising the cain
I believe in life, we're raising our cain
