Scars

Richie Kotzen

Sometimes I feel like a helpless child, alone in the night
Sometimes I feel so far from the light

I'm alone on an endless road looking for a sign
The crossroad stretches out ahead but I don't know which way is mine

So I'm gonna run from the world 'cause I don't owe you
So don't be afraid, I won't get too close to you
I'm just a loner

Open your arms, I've been scarred, I hope you help me mend
Take me to heart from the start, I'll follow to the end, yeah

The future is a mystery only you can try
But all I see is rain blacking out the sky

So I'm gonna follow my road, I've got nothing to lose
Yeah, my path is written in stone, the stars will alight for me
I know that I'm getting closer

Open your arms, I've been scarred, I hope you help me mend
Take me to heart from the start, I'll follow to the end

Why, I wonder why
Time was on my side
My well is running dry

Open your arms, I've been scarred, I hope you help me mend
Take me to heart from the start, I'll follow to the end
Yeah, I'm just a loner
I'm tired of hiding my scars, I hope you help me mend, yeah
Take me to heart from the start, I will follow to the end
Yeah, yeah, yeah, yeah
