

So Cold

Richie Kotzen

Dead but my hearts still beating
You got me lost and I've stopped believing
In you
I was used and abused by you and I can't
Believe it
Five years that the best of my life to
Show me
Your so cold how did I ever let you get me
Your sol cold how did I ever let you get to me
Blind to the web you wrapped me in
Deaf to the lies your spinning
I'm just a fool that believed in you
But now I'm faithless
A broken heart and a scarred mind
That what you left me
