

You Don't Know Me

Richie Kotzen

On a path that leads to sorrow
To a place I'm loathe to go
Can't turn and face tomorrow
Too many things
That I don't know

And when I think
I've found the answer
I fall again, where did you go?

Lay me down and close my eyes
Lead me to another world
They don't know

You don't know me
There's a man behind the mask
You don't know me
And all you had to do was ask

Is there a way to end
This journey
I just shut my mind away
I just need to ease my burden
There's a debt I need to pay

All the time I let go by
I reveal my truth in time
'Til it's over, yea yea yea

You don't know me
There's a man behind the mask
You don't know me
And all you had to do was ask
In the darkness
I romanticise my past
But you don't know me
You don't know me
'Til you've been there with me

You don't know me
There's a man behind the mask
You don't know me
And all you had to do was ask
In the darkness
I romanticise my past
But you don't know me
You don't know me
'Til you've been there with me
