

You Don't Know

Richie Kotzen

A walk through the years won't take much time
I follow the tears that fell by her side
Swept under the feet of another
You don't know what you've done to me
Alone in this room with walls all around me
Deceived and abused but I'm still standin'
You don't know what you've done to me

I may have been cheated
I have been mistreated but I can't walk away
You don't know You don't know what you've done to me

I traveled this far the sand is no stronger
And I can't help from fallin' through the motions
You don't know what you've done to me

I may have been cheated
I have been mistreated but I can't walk away
You don't know You don't know what you've done to me
